Comprehensive Engineering Solutions for Metro, Rail & Urban Transit System

- **Standard Third Rail Cover:** Provides full insulation and safety
- **Ramp Cover:** Smooth transitions for continuous protection
- **Expansion Joint Cover:** Ensures flexibility at rail junctions
- **Cable Termination Cover:** Secures electrical terminations

KEY FEATURES & BENEFITS

- Fully Insulated
- Fire-Resistant & UV-Protected
- Weatherproof & Durable
- Lightweight & Easy to Install – Simplifies maintenance
- Anti-Slide Spacer – Secure grip prevents shifting while allowing expansion/contraction
- Inspection Window Available – Enables easy internal monitoring
- Long-lasting performance with minimal upkeep

Our third-rail insulator and protection system meets **DC750V** and **DC1500V** requirements, providing safe power supply and personnel protection.
